Education

Medicaps University

Bachelor of Technology in Computer Science CGPA of 7.83 (4th sem)

Subhash English Higher Secondary School

Studied Physics, Chemistry, Mathematics, and Statistics Overall Percentage: 82.5%

S.E.S High School

Completed School Education with a percentage of 91.04

Indore, India

Aug. 2022 – Aug 2026

Mandsaur, India

2021-22

Mandsaur, India

2019-2020

Projects

Code Sync - A Realtime Code Editor | [CodeSync](#) | 06 2024, Present

TypeScript, Next.JS, Tailwind, Node.JS, Express.JS, Socket.io

- Real-time Collaboration: Collaborate simultaneously on code edits across multiple files with live updates
- Comprehensive Toolset: It offers functionalities such as file management (open, edit, save, delete), code execution directly within the editor, syntax highlighting with auto-language detection, and support for various programming languages
- Enhanced User Interaction: Unique room IDs, user presence, real-time tooltips, group chat, and collaborative drawing
- Accessibility and Customization: Multiple themes, font options, auto-suggestions, enhancing user coding experience and flexibility

DarkSurfer: Extension to Detect Dark Patterns on Webpages | [DarkSurfer-Extension](#) | 01 2024, Present

Python, JavaScript, Jupyter Notebook

- DarkSurfer-Extension, is a tool that uses advanced large language models to detect dark patterns on websites, enhancing user transparency
- Users can install the extension from cloning the GitHub repository, receiving real-time alerts and highlighted elements to identify and avoid dark patterns.
- Visualized GitHub data to show collaboration efforts.

LinkedIn Sentiment Analysis | [Github-Repository](#) | 12 2023, Present

Python, Streamlit, Selenium

- Conducts sentiment analysis on LinkedIn posts and comments to provide valuable insights and understanding
- Enables comparison with competitors to analyze performance and develop effective strategies for improvement
- Offers an intuitive dashboard to visualize metrics, engagement levels, and historical trends efficiently

Spotify Music Clone Website

| 03 2024, Present

TypeScript, Next.JS, Tailwind, Drizzle, Docker, Postgres Database

- Seamless project matching: Find projects matching preferred languages, ensuring alignment with expertise and interests
- Real-time collaboration: Engage in live video calls and screen sharing for effective team communication
- Collaborative code editor: Simultaneously edit code, fostering efficiency, consistency, and quality in development processes.

Technical Skills

Languages: Java, JavaScript, C, TypeScript

Developer Tools: Tailwind, NodeJS, MongoDB, MySQL, ExpressJS, Postman, Git

Achievements

- CodeBlaze Hackathon : Winners under open theme
- Edu-Vitality Hackathon : Runners in the track of AI in Education
- Dark Pattern Buster Hackathon : Finalist in Hackathon organized by the Consumer Forum of India
